

PASQUALE MARCELLO FALCONE (MSc, PhD) is Associate Professor of Economic Policy at the University of Naples “PARTHENOPE” where he holds courses, both at Master Degree and PhD level. He obtained a PhD in Economics at University of Foggia (Italy) and a MSc in Economics at the University of Leicester (UK). His research interests span from Environmental Economics and Sustainable Development to Sustainability Transition Theory with a particular focus upon the mechanisms through which energy and sustainability transitions can be intertwined with socio-economic and policy aspects. His works are published in esteemed and highly impacted environmental economics and policy journals (i.e. Ecological Economics, Research Policy, Energy Policy and many others). Recently, he has been included in the WORLD'S TOP 2% (100,000) SCIENTISTS LIST by the Standford University and ELSEVIER - Ranking position number 29,087 among all scientific areas with the reference topic “Energy, Economics and Environment”.

Selected publications:

- From the “Age of Instability” to the “Age of Responsibility”: economic uncertainty and sustainable investments (with R. Caferra), Journal of Economic Studies, DOI: 10.1108/JES-06-2022-0353, 2023,
- The role of proximity in sustainability transitions: A technological niche evolution analysis (with A. Lopolito & E. Sica), Research Policy, 51(3), 104464. 2022.
- Consumer willingness to pay for bio-based products: Do certifications matter? (with Morone, P. Caferra, R., D’Adamo, I., Imbert, E., & Morone, A.) International Journal of Production Economics, 240, 108248. 2021.
- A New Socio-economic Indicator to Measure the Performance of Bioeconomy Sectors in Europe (with I. D’Adamo, P. Morone), Ecological Economics, Vol. 176, 106724, 2020.
- Does a “Financial Transaction Tax” drives out information mirages? An experimental analysis (with A. Morone, P. Morone, S. Nuzzo), Journal of Economic Interaction and Coordination, Vol.15(4), 2020.
